

A fire chief's commitment,
an officer's responsiveness,
and an EMT's dedication.

All this for one headset.

The Hurricane II

- Improved noise reduction rating of 29dB with use of NoiseEzSM ear tips
- Aviation-rated, threaded NoiseEzSM ear tips for a better ear seal
- Matches the performance of a heavy-duty headset without all of the weight and bulk

The Hurricane II was created for every high- and low-noise environment imaginable. Its lightweight, behind-the-head design and optional Remote Push-to-Talk jack make it ideal for any two-way radio user. Hand crafted with robotic precision, our leading edge headset lets you cut through all the noise.
